**SHERWOOD'S**  
**Vibratory Magnetic Machine.**

THE VIBRATORY MOVEMENT recently substituted for the Rotary, in this Machine, by the Subscriber, endows it with an extraordinary superiority over every other form in which it has been constructed. It imparts the magnetic forces more continuously with less violence to the sensations of the patient, and with more permanent efficacy; at the same time that it is incomparably less liable to become impaired by use or mismanagement. It is compactly fitted, together with its battery, wires, and other appliances, in neat mahogany cases, of several sizes and powers, at \$12, \$13, \$15, \$18, and \$20 each; and forwarded, to order, to any part of the Union, the Canadas, West Indies, or South America.

Each case is accompanied with a Manual (5th edition) giving clear and ample directions for the use of the instrument in the various diseases to which it is applicable, and which are found, by the successful practice of hundreds of operators, to include the most prevalent, as well as the most peculiar and obstinate, that are known to the medical profession.

## BROOKS' PATENT ELASTIC METALLIC SHANKS BOOTS & SHOES,

*An article superior to any thing ever before manufactured in the country,  
for durability, beauty, and utility.*

No. 138 FULTON STREET, NEW YORK,

This unique and useful invention has met the approbation of every gentleman of taste who has fairly tested its value, and is rapidly coming into general use among all persons who regard ease, grace, comfort, and durability, as desirable requisites in their Boots and Shoes. It makes the Boot or Shoe more elastic, preserves its original style and shape, and gives the hollow part a beautiful and elevated arch; thereby allowing the heel to be worn very high with perfect ease, or quite low without exposing the pantaloons-strap to injury. It also keeps the foot from pressing forward, and retains it in a natural and easy position. The undersigned and John Dick, 109 Nassau street, are the only persons who make and sell Boots and Shoes with this invention in the Cities of New York, Brooklyn, and Jersey City; but dealers who wish to purchase these Boots to sell in other places must buy them of the subscriber. Gentlemen who are desirous of obtaining a fashionable pair of boots constructed in the manner above mentioned, are invited to call at 138 Fulton-street.

## THE NAUTILUS---SELF-INFLATING LIFE PRESERVER.

It is admitted by all who have examined it, that the improved Nautilus is the most perfect article for the purpose intended that has ever been exhibited. It can be inflated in one second without the aid of the breath, and when placed around the chest, is a perfect safeguard from drowning. In perilous situations, it is well known that but very few persons have the ability to inflate, with their breath, the ordinary Life Preservers. Cases are of frequent occurrence after shipwreck, where bodies are found upon the beach with Life Preservers on not inflated.

The simple act of putting the improved Nautilus around the chest inflates it sufficiently for any practical purpose. But if time and circumstances will permit, place the foot upon the string at one end, the stopper out, elongate it to its utmost extent, then put in the stopper, and it will be found fully inflated, with sufficient power to sustain two persons. Its construction is such that numerous small holes will not materially impair its efficacy.

The Nautilus has been adopted by some of the principal lines of steam-boats, among which are the Boston and Providence old line. It has been tested in the surf at various bathing places during the last summer, and received the most unqualified praise of those who used it. It has been adopted in the English and French marines.

## METAL ROOFS,

**WARRANTED WATER-PROOF FIVE TIMES LONGER  
THAN THE USUAL TIME OF GUARANTEEING.**

The subscriber having had 18 years experience in metal roofing has in-  
vented a method of covering roofs with Plain and Galvanized Tin Plates  
which they guarantee as above, when put on by them.

The metal is so put on that it cannot be affected by the shrinking or  
swelling of the planks on which it is laid, or by the contraction or expansion  
of the metal.

The following gentlemen have had their dwelling-houses and stores in  
this city, covered by this method to their satisfaction:

**THOMPSON'S TRUSSES,**

OFFICE No. 13 BECKMAN STREET.

About 200 of the first physicians and surgeons of New York have given their decided preference to this Truss, as you can graduate the pressure from one to fifty pounds on the rupture, without a back pad, which does so much injury to the spine. A fair trial being the best test of its superiority, it is applied and six days' trial given; and if it does not retain the rupture, while performing every kind of exercise or coughing, and give perfect ease—in a word, if it is not satisfactory in every respect, the money is cheerfully returned; and this is the only condition on which you should buy any Truss. A permanent cure is easily effected, and warranted, if directions are followed.

Those sending for this Truss need only mention the side ruptured and the measure round the hips, as they can graduate the pressure to suit their case. Sold wholesale and retail at 13 Beckman street.

## ADVERTISEMENTS.

The preceding figure is given to represent the **INSENSIBLE PERSPIRATION**. It is the great **EVACUATION** for the impurities of the body. It will be noticed that a thick cloudy mist issues from all points of the surface, which indicates the wonderful process going forward within.—Life cannot be sustained without it. It is thrown off from the blood and other juices of the body, and disposes by this means, of nearly all the impurities within us. The blood, by this means only, works itself pure. The language of Scripture is, "in the **BLOOD** is the Life." If it ever becomes impure, it may be traced *directly* to the stoppage of the **INSENSIBLE PERSPIRATION**. It *never* requires any internal medicines to cleanse it, as it **ALWAYS** purifies itself by its own heat and action, and throws off all the offending humors, through the **INSENSIBLE PERSPIRATION**. Thus we see all that is necessary when the blood is stagnant, or infected, is to open the pores, and it *relieves itself* from all impurity *instantly*. Its own heat and vitality are sufficient, without one *particle* of medicine, except to open the pores upon the surface. Thus we see the folly of taking so much internal remedies. All practitioners, however, direct their efforts to restore the **Invisible Perspiration**.—The Thomsonian, for instance, *cleanses*, the Hydropathist shrouds us in wet blankets, the Homoeopathist deals out infinitesimals, the Allopathist bleeds and doses us with mercury, and the blustering Quack gorges us with pills, pills, pills.

But one object only is in view, *viz.*—to **RESTORE** the **INSENSIBLE PERSPIRATION**.

To give some idea of the amount, and consequently the importance of the **INSENSIBLE PERSPIRATION**, we will state that the learned Dr. Lewenhock, and the great Boerhaave, ascertained that five-eighths of all we receive into the stomach, passed off by this means. In other words, if we eat and drink eight pounds per day, we *evacuated* five pounds of it by the **Invisible Perspiration**.

This is none other than the used-up particles of the blood, and other juices, giving place to the new and fresh ones, by carrying with it all the impurities within, up to the surface. To check this, therefore, is to retain in the system five-eighths of all the virulent matter that nature demands should leave the body.

By a sudden transition from heat to cold, the pores are stopped, the perspiration ceases, and disease begins at once to develop itself. Hence, a stoppage of this flow of the juices, originates so many complaints.

It is by stopping the pores, that overwhelms mankind with coughs, colds, and consumptions. Nine-tenths of the world die from diseases induced by a stoppage of the **INSENSIBLE PERSPIRATION**.

It is easily seen, therefore, how **NECESSARY** is the flow of this subtle humor to the surface, to preserve health. It cannot be stopped; it cannot be even checked, without inducing disease. The blood and intestines must relieve themselves of all their worn-out particles, and poisonous humors, and they must go through the pores as nature designed.

Let me ask now, every candid mind, what course seems the most reasonable to pursue, to unstop the pores, after they are closed, and let the perspiration flow, that the blood may relieve itself of its impurities? Would you give physic to **UNSTOP** the pores? Or would you apply something that would do this upon the surface, where the clogging actually is? Would not this be common sense? And yet I know of no physician who makes any external application to effect it. The reason I assign is, that no medicine within their knowledge, is capable of doing it. Under these circumstances, I present to physicians, and to all others, a preparation that has this power in its fullest extent. It is *McAlister's All-Healing Ointment*, or the *World's Salve*. It has **POWER** to restore perspiration on the feet, on the head, around old sores, upon the chest, in short, upon any part of the body, whether diseased slightly or severely. When the perspiration is restored, it has **POWER** to penetrate to the lungs, liver, or any other part of the human system, and so to act upon them, if they be diseased, by separating the inflamed morbid particles therefrom, and expelling them to the surface.

It has **POWER** to cause all external sores, scrofulous humors, skin diseases, poisonous wounds, to discharge their putrid matter, and then heal them.

It is a **REMEDY** that sweeps off the whole catalogue of cutaneous disorders, and restores the entire cuticle to its healthy functions.

It is a **REMEDY** that forbids the necessity of so many and deleterious drugs taken into the stomach.

It is a **REMEDY** that neither sickens, gives inconvenience, or is dangerous to the intestines.

This **REMEDY** is probably the only one now known, that is capable of producing all these great results. It preserves and defends the surface from all derangement of its functions, while it keeps open the channels for the blood to void all its impurities and disposes of all its useless particles. It is a simple, but a wonderful principle that preserves in healthy operation the entire machinery of our being. It indissolubly holds together the **SURFACE** and the **INTERNAL VISCERA**, the **INTERNAL VISCERA** and the **SURFACE**. They are inseparably connected and cannot be disjoined. The surface is **THE** outlet of five-eighths of the bile and used-up matter within. It is pierced with **MILLIONS** of openings to **RELIEVE** the intestines. Stop up these pores, and **DEATH** knocks at your door. It is rightly termed *All-Healing*, for there is scarcely a disease, external or internal, that it will not benefit. It will be found the most useful as well as the cheapest family medicine in the world. I have used it for the last fourteen years with success without a parallel. I have used it for all diseases of the chest, Consumption, Liver and the most dangerous of internal maladies. And I declare before Heaven and man, that not in one single case has it failed to benefit, when the patient was within the reach of mortal means.

I never, to my recollection, had more than five or six among the thousands who have used it, say that it was not favorable to their complaint. On the contrary I have had hundreds return voluntarily, and in the warmest and most pathetic language speak in its praise. I have had physicians, learned in the profession, I have had ministers of the Gospel, Judges on the

## ADVERTISEMENTS.

Bench, Aldermen and Lawyers, gentlemen of the highest erudition and **MULTITUDES** of the **POOR**, use it in every variety of way, and there has been but one voice, one united, universal voice, saying "McAlister, your Ointment is **GOOD**."

**CONSUMPTION.**—Of all diseases, we find this the most important, and concerning which we meet with the most opposition. It can hardly be credited that a salve can have any effect upon the lungs, seated as they are within the system. But we say once for all, that this Ointment will reach the lungs quicker than any medicine that can be given internally; if placed upon the chest, it penetrates directly to the lungs, separates the poisonous particles that are consuming them, and expels them from the system.

I need not say that it is curing persons of Consumption continually, although we are told it is foolishness. I care not what is said, so long as I can cure several thousand persons yearly.

**SCROFULA, OR KING'S EVIL.**—This disease is generally in the sides of the neck, behind the ears, and under the chin, yet scarcely any part of the body is exempt. It sometimes falls on the lungs, and produces Consumption. It is a dreadful circumstance, that this disease is transmitted from parents to children.

The Salve will extract all the morbid matter, by causing the sores to discharge; and then let the *Solar Tincture* be used to drive it to one point, which done, a continuance of the Ointment will completely remove the disorder.

**ERYSIPELAS.**—This complaint arises from impurities being driven out to the surface by means of the *Insensible Perspiration*, and lodging in the cuticle, forms sores, pimples, &c. It only requires that it should discharge its virulent particles through the skin, and the difficulty will pass off. If suffered to remain, and driven inwards, it is frequently fatal.

Let the Salve, and *Solar Tincture* be used as in Scrofula, and the patient will soon get well.

**SALT RHEUM.**—This is another obstinate disease, but can be cured as effectually as the Scrofula. There is no difficulty in this disease.

**HEAD ACHE, EAR ACHE AND DEAFNESS.**—The Salve has cured persons of the Head Ache of 12 years standing and who had it regularly every week, so that vomiting often took place.—It cured the wife of a man who laughed in my face for proposing such a cure, and who now would not be without it for the best farm in the state.

**COLD FEET.**—Consumption, Liver complaint, pains in the chest or side, falling of the hair, one or the other always accompanies cold feet. It is a sure sign of disease in the system to have cold feet.

The Salve will restore the *Insensible Perspiration* and thus cure every case.

**ASTHMA, TIGHTNESS OF BREATH.**—If this disease is not hereditary and produced by a mal-formation of the chest, the Salve will cure it.

**DYSPEPSIA.**—One would suppose a Salve would not affect this disease much, but the All-Healing Ointment will cure two sooner than any internal remedy will cure one.

**SORE EYES.**—The inflammation and disease always lies at the back of the ball of the eye in the socket. Hence the inutility of all remedies that are used upon the lids. This Salve if rubbed on the temples will penetrate directly into the socket and infuse all its virtues upon the disorder. The pores will be opened, a proper perspiration will be created and the disease will soon pass off to the surface.

**SORE LIPS, CHAPPED HANDS.**—I sell a great deal of Salve to Seamen, who say it is the ONLY thing they can depend on to cure their raw hands, when exposed to the weather at sea.

**PIMPLES ON THE FACE, FRECKLES, TAN, MASCULINE SKIN, GROSS SURFACE.**—Its first action is to expel humour. It will not cease drawing till the face is free from any matter that may be lodged under the skin and frequently breaking out to the face. It then heals.

The reason for this wonderful change in a lady's face is, that it excites into natural and healthy activity the *Insensible Perspiration*, which leaves the skin in as lively and delicate a condition as the most fastidious could desire.

**BURNS.**—I suppose there is not a family in the United States, that would consent to be without this Salve a single day, if they knew its balm in healing Burns alone. It extracts the pain and leaves the place without a scar.

**QUINSY, SORE THROAT, INFLUENZA, BRONCHITIS.**—There is not an internal remedy in existence, that will cure these disorders as quick as this Salve. It opens the pores on the neck and draws off all the inflammation and impure juices, and a few days sees the patient well.

**PILES.**—The Salve acts upon the Piles as upon Sore Eyes. There is an inflammation, which must be drawn from the parts. The Salve does this.

**HERNIA OR RUPTURE.**—This Salve has cured some very bad cases of rupture, and although it might not all, yet it would be wise to try it. I have not the shadow of a doubt that it would cure thousands if a trial was made, who believe no medicine of the least benefit.

Is worth would satisfy any one, whether it would do good or not.

**WORMS.**—If parents knew how fatal most medicines were to children taken inwardly they would be slow to resort to them. Especially "mercurial lozenges," called "medicated lozenges," "vermifuges," pills, &c. Even were it possible to say positively that worms were present, it is not safe. The truth is, no one can tell, internally when worms are present. Of course the remedy is not applicable to the complaint. Now let me say to parents, that this Salve will always tell if a child has worms. It will **DRIVE** every vestige of them away. This is a simple and **SAFE** cure. No injury can come of it any way. But should it be choleric inflammation of the bowels, or gripe of the intestines, it will as effectually cure them as the worms.

There is probably no medicine on the face of the earth at once so sure and so safe in the expulsion of worms.

It would be cruel, nay **WICKED**, to give internal, deadly medicines, so long as an effectual external one could be had.

**CHOLIC PAIN, OR INFLAMMATION OF THE BOWELS.**—Let the Salve be rubbed in and heated with the fire or flat irons, and all pains and difficulty will soon cease.

**SWELLINGS OF THE JOINTS, OR WEAKNESS, OR ANY AFFECTION OF THE BONE,** nothing is so good.

**POISONS.**—I never knew any thing so good as this Salve. It causes the poisons to discharge immediately, and leaves not the slightest cause of alarm. Poisons by nails, bites of animals, of burns, it removes when nothing else will.

**TOILET.**—I have it done up in fine order for the dressing case. Although I have said little about it as a hair restorative, yet I will stake it against the world! They may bring their Oils far and near, and mine will restore the hair two cases to their owners.

**BROKEN BREAST.**—Persons need never have a broken Breast. The Salve will **ALWAYS** prevent it, if used in season.

*First Premium awarded at Fair of American Institute, Oct. 1844.*

The favor with which this little Machine has been received by many of the Medical Profession, and others who have used them, on persons laboring under various diseases who have been restored to health, or benefited thereby, induce this publication. The Machine is entirely different from all Electrical Machines and Galvanic Batteries—it requires to be used but from 5 to 10 minutes at a time. The effects are not repulsive to the patient, and no ill effects can be referred to. Testimonials in its favor are daily accumulating. It admits of the most perfect control, as from a high degree of power, it can be reduced with unerring certainty, down to the very smallest, by a slight alteration of the wires, at the pleasure of the operator. It requires no assistant in its use, where the person is able to hold the handles.

It is used with astonishing success in cases of Nervous Diseases, Neurology, Paralysis, Rheumatism, Sick and Nervous Headache, Dyspepsia, Bronchitis, Loss of Voice, Scrofula, Curvatures of the Spine, Toothache, Sprains, Deafness, and many other diseases: It has been used by hundreds of medical men. Our hospitals, asylums, and infirmaries, and abundant references of its efficacy from our best citizens can be given. Many of the cures have been pronounced astonishing.

# DR. BANNING'S PATENT LACE, OR BODY BRACE.

This instrument gives relief to those afflicted with weakness of the breast, spitting of blood, palpitation of the heart, dull pains in the sides, and sinking or "goneness" at the stomach; dyspepsia, constipation, and piles; female debility, weakness of the limbs, pain in the back with or without curvature of the spine; hysteria and hypochondria; drooping attitude, particularly in children of weak fibre; gloom and nervousness; weakness of voice and soreness of throat in speaking or singing. Seamstresses, students, clerks, mechanics, and all whose calling brings them into a drooping attitude, find great comfort from its use, both in reference to weakness and the cultivation of a good figure; ladies in child-bed, or expecting confinement, should never be without one. It relieves the above and analagous feelings by elevating and supporting the whole pile of descended organs, from the base to the top of the trunk; and the afflicted will see that all the symptoms are relieved by lifting up the abdomen with the arms.

The superiority of the brace over other supports is, that it lifts and supports the back. City and country physicians and druggists may be supplied, or purchase territorial rights, by applying at

*Gouraud's Gossip with his Patrons.***DR. GOURAUD**

Stated, some time since, that he had a magnificently embossed and gilded envelope in preparation for his world-renowned *Italian Medicated Soap*. He is now happy to announce the completion of this splendid cover—and consequently an additional bar is placed between the genuine Soap and its horde of counterfeits. For further security each cake will henceforth be pressed in an oval mould, with the words, "Dr. F. FELIX GOURAUD'S ITALIAN MEDICATED SOAP, NEW YORK," raised on its surface. The vast utility and consequent popularity of GOURAUD'S *Italian Medicated Soap* in the curation of Salt Rheum, Erysipelas, Scurvy, Ringworm, Barbers' Itch, Pustules, &c., and in the speedy removal of Tan, Freckles, Sunburn, Sallowiness, Morpew, Redness, Chaps, Chafes, Roughness, Wrinkles, or other Disfigurements from the Skin, renders the precaution against counterfeits which the Dr. has adopted, in the highest degree necessary. Dr. GOURAUD would further state, as an offset to certain villainous advertisements purporting that his Soap can be purchased elsewhere at half price, that it would be just "as possible for a camel to pass through the eye of a needle," as it would be for any one to buy a cake of the *genuine Italian Medicated Soap* at any other place in N. York than the Dr.'s depot, 67 Walker st. first store from Broadway. The great demand for this famous Soap renders it impossible for the Doctor to supply the orders of his agents, even to their fullest extent—a surplusage, therefore, could not occur, such as frequently happens to bedbug poisons, junco cordials, and other trash with which the market is flooded. As an additional caution, it should be remembered that *Gouraud's Italian Medicated Soap* is perfectly buoyant; can be used in either hard or salt water, and forms an exquisite compound for shaving. GOURAUD'S *Poudres Subtiles* are renowned for their astonishing qualities in instantly and permanently uprooting superfluous hair, without injury to the skin. His Rouge, Hair Dye, Lily White, Acoustic Drops for Deafness, &c., are equally prized by the Ladies and Gentleman.

REMEMBER, Dr. FELIX GOURAUD'S preparations can only be obtained *genuine* at his depot,

# TO HOUSEKEEPERS.

The following articles are kept on hand in large quantities, and will be sold low; they are also made up to order, at the option of the purchaser, at

**MARTIN WILLARD'S, 150 Chatham street, corner of Mulberry,**

AND AT

**SAMUEL S. PARKER'S, 158 Greenwich street, corner of Courtlandt.**

**THE BEDSTEAD FACTORY IS AT**

**71 Gold st., near Beekman.**

**FEATHERS.**—All the different kinds from 1s. to 4s. per lb. dressed in the best manner, and warranted to be free from any impure smell. They are warranted to give satisfaction or they may be returned.

**BEDS** of every size and quality, from 3 to \$25, all in the best possible order.

**BOLSTERS** of every size and quality, from 1 to \$5.

**PILLOWS** of every size and quality, from 25 cents to \$3 each.

**MATTRASSES** of Hair, Moss, Cat-tails, Wool, Palm-leaf, Corn-husks, of every size, for family use or for vessels, or they will be made to measure.

**OLD MATTRASSES** are made over in so perfect a manner that it is difficult to distinguish them from new. The hair is picked by a machine which opens every particle of the hair, and separates it from the dust and dirt. The prices for making over are from 50 cents to \$2 50, according to size.

**FEATHERS DRESSED.**—Old Beds that are heavy or that have an unpleasant smell, are renovated in a most satisfactory manner, and made nearly equal to new.

**STRAW MATTRASSES.**—All sizes, from 1 to \$3.

**PALLIASSES.**—All sizes, from 3 to \$5.

**COMFORTABLES.**—All sizes, from \$1.50 to \$3.

**BLANKETS** and Spreads, Cushions for Pews, Rocking Chairs, Office Chairs and Settees.

**MOSS and HAIR** by the bale or smaller quantity.

**WASH-STANDS** and Toilet Tables, a cheap article.

**WARDROBE BEDSTEADS** of Mahogany or imitation. Of all the inventions for a secret bedstead, this is the best, and no one can judge of its merits without examining it.

**BEDSTEADS**—Patent Windlass, Patent Iron Joint, Patent Screw Joint, Sacking and Cord bottoms—all the sizes in use, of Mahogany, Black Walnut, Curled and plain Maple, with plain or panel boards. The attention of the public is particularly called to the Patent Screw Bedstead, which article possesses many advantages over every other kind. This bedstead has been introduced into general use about five years, during which time over fourteen thousand have been sold. Its value consists in the perfect mode of its construction, the positive cohesion of all the parts, so as to entirely exclude all vermin; a fact self-evident upon inspection, that it is impossible to afford a harbor for bugs; and the extraordinary facility with which it may be put up and taken down.

**COT BEDSTEADS** of every size.

**TO THE TRADE.**—Bedsteads and Cots are furnished at a small advance above cost, and dealers by taking a little pains to inform themselves, will soon interest to sell no other kind of bedstead.

**TO MECHANICS.**—Fay's Patent Tension and Boring Machine as above. This machine needs no recommendation, as its practical utility has been proved by thousands of Carpenters, Door-makers, Sash and Blind-makers, Carriage-makers and others.
